

Rock Ledge Intermediate School

Principal: Pete Kempen

Established: 1968

To Whom It May Concern:

It is my pleasure to write this letter of recommendation for Miss Pauline Centers. I am employed as a fifth grade teacher within the Seymour Community School District, and I had the privilege to be Pauline's cooperating teacher during the second quarter of the 2014-2015 school year. It is within this capacity that I have had the opportunity to work professionally with Pauline. I thus feel that I can assess Pauline and her teaching abilities.

Pauline provided a learning environment in which all the children found success. She established clear expectations and the children respected her patient and fair treatment. The comfortable student-teacher rapport in Pauline's classroom provided an impressive model.

Pauline's creativity and motivation were evident in her instructional presentations. She was knowledgeable and skilled in implementing a variety of teaching techniques. Her lessons were well planned and balanced in order to meet children's personal needs and learning styles.

Pauline applies an integrated approach for teaching social skills to her students. She uses each and every teachable moment to develop the learner's character and to guide them in being quality human beings. Pauline makes every effort to connect with and accommodate her students. What I observed in Pauline Centers that I perceive to set her apart from others is the ability to encourage children to work together often and frequently confer with individual students who seemed to be struggling with or who were emotionally detached from the activity. She monitored their progress in a timely manner and adjusted her lessons and individual student contacts as needed.

In closing, I recommend Pauline Centers for the teaching position within your district. She has a positive, caring attitude toward others and would be an asset to your school's team.

Sincerely,

A handwritten signature in cursive script that reads "Kellie J. Peters".

Kellie J. Peters
