

Artifact Reflection

Title of Artifact: Teaching to Different Cultural or Diverse Ethnic Backgrounds

Date Completed: April 20, 2013

Describe Artifact

My artifact is a paper I wrote for EDU 300 (Foundations of American Education). My paper takes a look at the strategies and personality I will take on with a class of diverse learners.

Alignment Reflection

This artifact best aligns with Standard 6 (The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learner's decision making).

Before creating assessments for my students, there is a lot of "getting to know" them first.

Assessments must match the objective and learning styles of my students. My students will shape my teaching style and the way I assess.

Personal Reflection

Doing the research for this paper opened my eyes to more things I have to consider when teaching. Before I can teach a student I need to know about their background and life styles.

Before I assess a student, I need to acquire their learning styles. This will help in my teaching because I will have to constantly reflect if I am being fair in when helping students reach their goals.
